

Neuroendocrine Tumors (NETs): New entries in Medicinal Plant Database by Pankaj Oudhia (September, 2018) Part-8

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus griffithianus* Kurz -- Forest Fl. Burma ii. 562. 1877 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus griffithianus* Kurz -- Forest Fl. Burma ii. 562. 1877 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus griffithianus* Kurz -- Prelim. Rep. For. Veg. Pegu, App. B. 94 (1875), in clavi. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus guiyangensis* N.H.Xia & L.C.Chia -- J. Trop. Subtrop. Bot. 4(1): 25 (1996). as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus hait* Widjaja -- Reinwardtia 11(2): 72 (1997). as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus hamiltonii* Nees & Arn. ex Munro -- Trans. Linn. Soc. London 26(1): 151. 1868 [5 Mar-11 Apr 1868] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus hamiltonii* Nees & Arn. ex Munro var. *undulatus* Stapleton -- Edinburgh J. Bot. 51(1): 24. 1994 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus hirtellus* Ridl. -- J. Straits Branch Roy. Asiat. Soc. 73: 146. 1916 [Jul 1916] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus hirtellus* Ridl. -- Fl. Malay Penins. v. 266 (1925). as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus hookeri* Munro -- Trans. Linn. Soc. London 26(1): 151. 1868 [5 Mar-11 Apr 1868] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus inermis* (Keng & Keng f.) T.P.Yi -- J. Bamboo Res. 12(2): 54 (1993):. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus jianshuiensis* Hsueh & D.Z.Li -- J. Bamboo Res. 7(3): 11, 17 (1988), without latin descr. or type;. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus jianshuiensis* Hsueh & D.Z.Li -- et in J. Bamboo Res. 7(4): 14 (1988). as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum*

Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus jinghongensis* P.Y.Wang, Y.X.Zhang & D.Z.Li -- *Phytotaxa* 272(3): 210. 2016 [31 Aug 2016] [epublished]

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus khoonmengii* Sungkaew, Teerawat. & Hodk. -- *Thai Forest Bull., Bot.* 35: 99 (-102; fig. 1). 2007 [Sep 2007]

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus latiflorus* Munro -- *Trans. Linn. Soc. London* 26(1): 152, t. 6. 1868 [5 Mar-11 Apr 1868] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus latiflorus* Munro var. *magnus* (T.H.Wen) T.H.Wen -- *J. Bamboo Res.* 10(1): 23 (1991):. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus latifolius* K.Schum. & Lauterb. -- *Fl. Schutzgeb. Südsee* [Schumann & Lauterbach] 188. 1900 [1901 publ. Nov 1900] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus liboensis* Hsueh & D.Z.Li -- et in *J. Bamboo Res.* 8(1): 37 (1989). 1988 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus liboensis* Hsueh & D.Z.Li -- *J. Bamboo Res.* 7(3): 13, 19 (1988), without latin descr. or type;.. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum*

secundum Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus longiauritus* S.H.Chen, K.F.Huang & R.S.Chen -- Pl. Sci. J. 31(6): 536. 2013 [Dec 2013]

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus longifimbriatus* Gamble -- Ann. Roy. Bot. Gard. (Calcutta) vii. 92. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus longiligulatus* N.H.Xia & V.T.Nguyen -- Nordic J. Bot. 31(5): 607. 2013 [16 Sep 2013] [epublished]

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus longispathus* (Kurz) Kurz -- Forest Fl. Burma ii. 561. 1877 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus longispathus* (Kurz) Kurz -- Prelim. Rep. Forest Pegu app. B: 94, in clavi. 1875 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus longivaginatus* N.H.Xia, V.T.Nguyen & V.L.Le -- Novon 23(3): 303. 2014 [4 Nov 2014]

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus luteus* Damayanto & Widjaja -- Gard. Bull. Singapore 69(1): 76. 2017 [24 May 2017] [epublished]

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus macroculmis* (Riviere) J.Houz. -- Bambou (Mons) ii. 263, in obs., 284 (1908). as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum*

Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus manipureanus* H.B.Naithani & N.S.Bisht -- Indian Forester 136(2): 262 (264-265; fig. 2). 2010 [Feb 2010]

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus maximus* Kuntze -- Revis. Gen. Pl. 2: 773. 1891 [5 Nov 1891] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus membranaceus* Munro -- Trans. Linn. Soc. London 26(1): 149. 1868 [5 Mar-11 Apr 1868] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus membranaceus* Munro f. *fimbriligulatus* Hsueh & D.Z.Li -- J. Bamboo Res. 7(4): 4 (1988). as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus membranaceus* Munro f. *pilosus* Hsueh & D.Z.Li -- J. Bamboo Res. 7(4): 3 (1988). as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus membranaceus* Munro f. *striatus* Hsueh & D.Z.Li -- J. Bamboo Res. 7(4): 3 (1988). as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus menglongensis* Hsueh & K.L.Wang ex N.H.Xia, R.S.Lin & Y.B.Guo -- Nordic J. Bot. 28(4): 506 (-508; fig. 1). 2010 [25 Aug 2010]

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus merrilliana* Elmer -- Leaflet. Philipp. Bot. vii. 2671 (1915). as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus messeri* Blatt. -- Indian Forester 1930, iv. 595. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus mianningensis* Q.Li & Xin Jiang -- J. South-West. Forest. Coll. 1984(1): 134 (1984). as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus microcephalus* Pilg. -- Bot. Jahrb. Syst. 52(1-2): 175. 1914 [24 Nov 1914] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus minor* (McClure) L.C.Chia & H.L.Fung -- Acta Phytotax. Sin. 18(2): 215. 1980 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus minor* (McClure) L.C.Chia & H.L.Fung var. *amoenus* (Q.H.Dai & C.F.Huang) Hsueh & D.Z.Li -- J. Bamboo Res. 8(1): 39 (1989).. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus minor* (McClure) L.C.Chia & H.L.Fung f. *amoenus* (Q.H.Dai & C.F.Huang) Ohrnb. -- *Bamboos of the World* Intro. 3 14 (1996):. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus monadelphus* Thwaites -- *Enum. Pl. Zeyl.* [Thwaites] 376. 1864 [Dec 1864] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus multiflosculus* H.N.Nguyen, N.H.Xia & V.T.Nguyen -- *Blumea* 57(3): 259. 2013 [7 Feb 2013] [epublished]

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus multispiculatus* K.Schum. & Lauterb. -- *Fl. Schutzgeb. Südsee* [Schumann & Lauterbach] 187. 1900 [1901 publ. Nov 1900] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus nianhei* V.T.Nguyen & V.L.Le -- *Ann. Bot. Fenn.* 49(5-6): 428. 2012 [30 Nov 2012]

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus nudus* Pilg. -- *Repert. Spec. Nov. Regni Veg.* 3: 117. 1906 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus ovatus* N.H.Xia & L.C.Chia -- *Acta Phytotax. Sin.* 31(1): 61 (1993). as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

* Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus pachycladus* Hsueh, D.Z.Li & C.M.Hui -- Res. Bamb. From Nujiang 34. 1994

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus pachystachyus* Hsueh & D.Z.Li -- J. Bamboo Res. 7(3): 11, 17 (1988), without latin descr. or type; as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus pachystachyus* Hsueh & D.Z.Li -- et in J. Bamboo Res., 8(1): 25 (1989)— 1988 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus papuanus* Pilg. -- Bot. Jahrb. Syst. 52(1-2): 175. 1914 [24 Nov 1914] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus parishii* Munro -- Trans. Linn. Soc. London 26(1): 149. 1868 [5 Mar-11 Apr 1868] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus parviflorus* Hack. -- Philipp. J. Sci., C 3: 168. 1908 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus parvigemma* N.H.Xia, V.T.Nguyen & V.L.Le -- Nordic J. Bot. 29(2): 221 (-223; figs. 1-2). 2011 [20 Apr 2011]

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus patellaris* Gamble -- Ann. Roy. Bot. Gard. (Calcutta) vii. 86. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus peculiaris* Hsueh & D.Z.Li -- et in J. Bamboo Res. 8(1): 32 (1989). 1988 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus peculiaris* Hsueh & D.Z.Li -- J. Bamboo Res. 7(3): 12, 18 (1988), without latin descr. or type;. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus pendulus* Ridl. -- J. Straits Branch Roy. Asiat. Soc. 44: 210. 1905 [Jul 1905] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus phuthoensis* H.N.Nguyen, V.T.Nguyen & V.L.Le -- Phytotaxa 296(3): 275. 2017 [20 Feb 2017] [epublished]

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus poilanei* A.Camus -- Bull. Mus. Natl. Hist. Nat. 1925, xxxi. 205. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dendrocalamus pulverulentus* L.C.Chia & But -- Kew Bull. 43(1): 115. 1988 [28 Mar 1988] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Portugal 33. 1880 [May-Jun 1880] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum*

Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Deschampsia foliosa* Hack. var. *maderensis* Hack. & Bornm. -- Bot. Jahrb. Syst. 33: 401. 1903

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Deschampsia fuegina* Phil. -- Anales Univ. Chile 94: 23. 1896 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Deschampsia fuegina* Phil. -- Anales Univ. Chile xciv. 23. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Deschampsia gaudinii* (K.Richt.) Landolt -- Fl. Indicativa 268. 2010

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Deschampsia glauca* (Desv.) Parodi -- Darwiniana viii. 467 (1949). as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Deschampsia glauca* Hartm. -- Handb. Skand. Fl. 448. 1820 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Deschampsia glauca* (É.Desv. ex Gay) Parodi -- Darwiniana 8: 467. 1949 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Deschampsia glomerata* G. Don ex Loudon -- Hort. Brit. [Loudon] 28. 1830 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Deschampsia gracilis* Vasey -- Bot. Gaz. 10: 224. 1885 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Deschampsia gracilis* Vasey as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Deschampsia gracillima* Kirk -- J. Bot. 29: 237. 1891 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Deschampsia grandiflora* Nees ex Steud. -- Syn. Pl. Glumac. 1(3): 220. 1854 [1855 publ. 12-13 Apr 1854] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Deschampsia grandis* Besser ex Ledeb. -- Fl. Ross. (Ledeb.) 4(13): 422. 1852 [Sep 1852] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Deschampsia gredensis* (Gand.) Castrov. -- Anales Jard. Bot. Madrid 39(1): 210. 1982 as key ingredient in indigenous anti-cancer Herbal

Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Deschampsia gulariantzii* Prob. & Tzvelev -- *Novosti Sist. Vyssh. Rast.* 46: 46, t. 2. 2015 [28 Dec 2015]

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Deschampsia hackelii* (Lillo ex Stuck.) Saarela -- *PhytoKeys* 87: 87. 2017 [9 Oct 2017] [epublished]

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Deschampsia hawaiiensis* (Skotts.) St. John -- *Bull. Torrey Bot. Club* lxxii. 23. 1944 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Deschampsia henrardii* Kloos -- *Blumea*, Suppl. 3: 24. 1946 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Deschampsia hispanica* (Vivant) Cervi & Romo -- *Collect. Bot. (Barcelona)* 12: 82. 1981 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Deschampsia hispanica* (Vivant) Cervi & Romo var. *burebana* Cervi & Romo -- *Collect. Bot. (Barcelona)* 12: 85. 1981 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Deschampsia hispanica* (Vivant) Cervi & Romo subsp. *gallaecica* Cervi & Romo -- *Collect. Bot. (Barcelona)* 12: 82. 1981 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with

Bulbophyllum secundum Hook. f. and Rubia cordifolia L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Deschampsia hispanica* (Vivant) Cervi & Romo subsp. *gredensis* (Vivant) Rivas Mart., Fern.Gonz. & Sánchez Mata -- *Opusc. Bot. Pharm. Complutensis* 2: 108 (1986):. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with Bulbophyllum secundum Hook. f. and Rubia cordifolia L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Deschampsia hispanica* (Vivant) Cervi & Romo var. *iberica* Cervi & Romo -- *Collect. Bot. (Barcelona)* 12: 85. 1981 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with Bulbophyllum secundum Hook. f. and Rubia cordifolia L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Deschampsia hispanica* (Vivant) Cervi & Romo f. *neilensis* Cervi & Romo -- *Collect. Bot. (Barcelona)* 12: 85. 1981 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with Bulbophyllum secundum Hook. f. and Rubia cordifolia L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Deschampsia holciformis* J.Presl -- *Reliq. Haenk.* 1(4-5): 251. 1830 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with Bulbophyllum secundum Hook. f. and Rubia cordifolia L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Deschampsia holciformis* J.Presl as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with Bulbophyllum secundum Hook. f. and Rubia cordifolia L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Deschampsia hookeri* Kirk -- *J. Bot.* 29: 238. 1891 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with Bulbophyllum secundum Hook. f. and Rubia cordifolia L.

based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Deschampsia hookeriana* Scribn. -- Bot. Gaz. 11: 97. 1886 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Deschampsia hookeriana* Scribn. -- Bot. Gaz. 11: 97, in obs. 1886 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Deschampsia hultenii* Prob., Tzvelev & Chiapella -- Botanica Pacifica 4(1): 1. 2015 [18 May 2015] [epublished]

No. 18, 6 (1947). as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria maniculata* Stapf -- Fl. Trop. Afr. [Oliver et al.] 9(3): 466. 1919 [24 Jan 1919] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria manongarivensis* A.Camus -- Blumea i. 110 (1934) in Bull. Soc. Bot. France, 1934, lxxxi. 594. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria marginata* Link as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria marginata* Link -- Enumeratio Plantarum Horti Regii Berolinensis 1 1821 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria marginata* Link -- Enum. Hort. Berol. Alt. 1: 102. 1821 [16 Mar-30 Jun 1821] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria marginata* Link -- Enum. Hort. Berol. Alt. 1: 102. 1821 [16 Mar-30 Jun 1821] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria marginata* Link var. *fimbriata* (Link) Stapf as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria marginata* var. *fimbriata* (Link) Stapf in Prain -- Fl. Trop. Afr. [Oliver et al.] 9(3): 440. 1919 [24 Jan 1919] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria marianensis* Mez -- Bot. Jahrb. Syst. 59(1): 1. 1924 [15 Jan 1924] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia*

cordifolia L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria mariannensis* Merr. -- Philipp. J. Sci., C 9: 54. 1914 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria maritima* Spreng. -- Syst. Veg., ed. 16 [Sprengel] 1: 272. 1824 [dated 1825; publ. in late 1824] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria masambaensis* Vanderyst, Vanderyst & Robyns -- in Robyns, Esp. Congol. Digit. (Mem. Inst. Roy. Col. Belge, 4to, Sect. Sc. Nat. & Med., i. Fasc. 1) 44 (1931), descr. ampl. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria masembaensis* Vanderyst -- Bull. Agric. Congo Belge 1919, x. 242. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria matsumurae* Henrard -- Meded. Rijks-Herb. 61: 18, in syn. 1930 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria mattogrossensis* Henrard -- Meded. Rijks-Herb. 61: 1, fig. 1930 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria matogrossensis* Henrard -- Meded. Rijks-Herb. 61: 1. 1930 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria mauritiana* Henrard -- Monogr. Gen. *Digitaria* 444 (1950). as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria mauritiana* Wall. ex Hook.f. -- Fl. Brit. India [J. D. Hooker] 7(21): 35. 1896 [Apr 1896] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria megapotamica* Mez -- Bot. Jahrb. Syst. 56(4, Beibl. 125): 7. 1921 [18 Feb 1921] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria megapotamica* Mez -- Bot. Jahrb. [21 Dec 1926] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria wallichiana* Stapf -- Fl. Trop. Afr. [Oliver et al.] 9(3): 436, in obs. 1919 [24 Jan 1919] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria wallichiana* Stapf subsp. *remota* (Henr.) Veldkamp -- Blumea 21(1): 50. 1973 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria xanthotricha* Stapf -- Fl. Trop. Afr. [Oliver et al.] 9(3): 451. 1919 [24 Jan 1919] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria yokoensis* Vanderyst -- Bull. Agric. Congo Belge 1919, x. 242. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria yokoensis* Vanderyst -- Bull. Agric. Congo Belge xvi. 659, in clavi, 660 (1925); vide Compere in Bull. Jard. Bot. Brux. xxxiii. 389 (1963). as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria yunnanensis* Henrard -- Monogr. Gen. *Digitaria* 804 (1950). as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitaria zeyheri* (Nees) Henrard -- *Blumea* i. 105 (1934). as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitariella* De Winter -- *Bothalia* vii. 467 (1961). as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitariella remotigluma* De Winter -- *Bothalia* vii. 467 (1961). as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitariopsis* C.E.Hubb. -- Hooker's Icon. Pl. 35: t. 3420. 1940 [Aug 1940] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia*

cordifolia L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitariopsis major* Van der Veken -- Bull. Jard. Bot. État Bruxelles 25: 330. 1955 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitariopsis monobotrys* Van der Veken -- Bull. Jard. Bot. État Bruxelles 27: 729. 1957 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digitariopsis redheadii* C.E.Hubb. -- Hooker's Icon. Pl. 35: t. 3420. 1940 [Aug 1940] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dignathia Stapf* -- Hooker's Icon. Pl. 30: t. 2950. 1911 [1913 publ. Jan 1911] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dignathia aristata* Cope -- Kew Bull. 46(4): 710. 1991 [18 Nov 1991] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dignathia ciliata* C.E.Hubb. -- Bull. Misc. Inform. Kew 1934(3): 114. [16 May 1934] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dignathia gracilis* Stapf -- Hooker's Icon. Pl. 30: t. 2950. 1911 [1913 publ. Jan 1911] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dignathia hirtella* Stapf -- Hooker's Icon. Pl. 30: t. 2950. 1911 [1913 publ. Jan 1911] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dignathia pilosa* C.E.Hubb. -- in Hutchinson, Fam. Fl. Pl. ii. Monocot., 216 (1934), sphalm. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dignathia villosa* C.E.Hubb. -- Bull. Misc. Inform. Kew 1936(5): 293. [19 Aug 1936] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digraphis* Trin. -- Fund. Agrost. (Trinius) 127. 1820 ; nom. illeg. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digraphis americana* Loudon -- Hort. Brit. [Loudon] 27. 1830 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digraphis americana* Loudon -- Hort. Brit. [Loudon] 27. 1830 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L.

based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Digraphis arundinacea* Trin. -- Fund. Agrost. (Trinius) 127. 1820 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Diheteropogon Stapf* -- Hooker's Icon. Pl. 31: t. 3093. 1922 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Diheteropogon amplexans* (Nees) Clayton -- Kew Bull. 20(1): 75. 1966 [14 Jun 1966] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Diheteropogon buchneri* Stapf -- Hooker's Icon. Pl. 31: sub t. 3093. 1922 [Jun 1922] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Diheteropogon emarginatus* Robyns -- Fl. Agrost. Congo Belge 152 (1929). as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Diheteropogon filifolius* (Nees) Clayton -- Kew Bull. 20(1): 75. 1966 [14 Jun 1966] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Diheteropogon grandiflorus* Stapf -- Hooker's Icon. Pl. 31: t. 3093. 1922 [Jun 1922] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Diheteropogon hagerupii* Hitchc. -- Proc. Biol. Soc. Washington 1930, xliii. 89. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Diheteropogon kindunduensis* (Vanderyst) Lebrun -- Bull. Agric. Congo Belge 1934, xxv. 409. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Diheteropogon maximus* C.E.Hubb. -- Bull. Misc. Inform. Kew 1936(5): 296. [19 Aug 1936] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Diheteropogon microterus* Clayton -- Kew Bull. 21(3): 485. 1968 as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dilepyrum Michx.* -- Fl. Bor.-Amer. (Michaux) 1: 40. 1803 [19 Mar 1803] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dilepyrum Raf.* -- Med. Repos. New York, Ser. II. v. (1808) 352. as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L.

based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dilepyrum Michx.* -- Fl. Bor.-Amer. (Michaux) 1: 40. 1803 [19 Mar 1803] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com

Purified (Shodhit through traditionally validated methods using medicinal sedges) *Dilepyrum aristosum* Michx. -- Fl. Bor.-Amer. (Michaux) 1: 40. 1803 [19 Mar 1803] as key ingredient in indigenous anti-cancer Herbal Formulations after enriching it Allelopathically: Quick Note on its compatibility with *Bulbophyllum secundum* Hook. f. and *Rubia cordifolia* L. based Herbal Formulations for Neuroendocrine Tumors (NETs) when modern medicines fail-From Medicinal Plant Database by Pankaj Oudhia, Audio Bank Project at pankajoudhia.com
